1. God in our crying you know our pain  
Jesus is suffering over again.  
Creation is groaning, Lord you were there.  
Come bring your healing, Lord hear our prayer

2. Christ of the wounded, grieving and maimed  
Christ of the killers: one and the same.  
Where lies the meaning, do you still care?  
God, are you listening, Lord are you there?

3. Senseless destruction, priceless the loss  
Rubble from buildings, paper and dust  
Where lies the future? Calm every fear.  
Hold us, we're trembling. Lord, hear our prayer.

4. Lord be our refuge in our despair  
Deep down inside us hatred is there  
Cleanse us of vengeance, help us to live,  
God give us wisdom, help us forgive.
