Lord, hear our prayer.

1. God in our crying you know our pain
Jesus is suffering over again
Creation is groaning, Lord you were there
Jesus come quickly, Lord hear our prayer

2. Christ of the wounded, grieving and maimed
Christ of the killers; one and the same
Where lies the meaning, do you still care?
God, are you listening, Lord are you there?

3. Senseless destruction, priceless the loss
Rubble from buildings, paper and dust
Where lies the future? Calm every fear
Hold us, we're trembling. Lord hear our prayer

4. Lord be our refuge in our despair
Deep down inside us hatred is there
Cleanse us of vengeance, help us to live
God give us wisdom help us forgive.
